You will be prompted with “Two Factor Authentication” page again to finalize your assets withdraw.
Please obtain the **Two Factor Auth. Code** from your Gmail;
a new email message containing the code will be sent to you.

The screenshot shows the WOWX interface for a withdrawal. A modal window titled "Two factor authentication" is open, prompting the user to enter an "Email Auth Code". The modal has "Authenticate" and "Close" buttons. In the background, the withdrawal form is visible with fields for Sender Address, Receiver Address, Net Amount (288), Transaction Fee (0), Gross Amount (288.00000000), Login Password to Authorize, and Description (Token Transfer). A "Withdraw Coin" button is at the bottom. A green notification bar at the top right says "Two Factor Authentication" with a checkmark and the user's name "Robert Tan".

Enter the latest Two Factor Auth. code obtained into this tab.

Click “Authenticate” when you’ve entered the code.
